Brooks Cycles Track League 2024

AGM Track League Report

This year's track league saw some good racing and once again friendly racing with riders willing to help each other progress and get the best out of the league. During Thursday evenings, I witnessed riders, officials, parents and helpers all chipping into make sure all riders are welcomed and can participate in the racing. I recall a few moments through the year where a rider was struggling with kit, bikes etc. and the answer to call for help was amazing to watch. I am proud to be a small part of this fantastic community effort.

Once again, thank you to all the volunteers that help at Newcastle Track League 2024. Without the commitment shown by the volunteers and helpers at the league we wouldn't be able to run. On a similar note, thank you to all the riders whose attendance supports the league and keeps the league going.

A good mixture of youth turning up this year to the league but we still need to keep this upward trend continuing and as part of this, I am looking to redesign the program so that the youth program will finish earlier in the coming season to allow for the youth league to finish earlier in the evening. Hopefully this be a small step in helping to promote the youth numbers at the league.

I have attached the 2024 seasons statistics below to show the strength of the league and the numbers we have attracted during the 2024 season. I will point out the up lift of riders due to having the national youth omnium series return to the track for this year. The league plays a role in allowing riders to try racing at the track before the day of the Omnium. Hopefully with the Omnium with us in 2025, I am hopeful that the league will be supported by omnium riders again.

Thank you to all that have has some part in the league whether that's competing or supporting. I hope to see you all at the 2025 season starting on Thursday 1st May 2025.

Alex Webb

Brooks Cycles Track League Organiser 2024 (NTCA)

Statistics for the 2024 season of the league:

Total number of riders: 75

Total number of rounds planned: 19

Total number of rounds ran: 13 (6 cancelled)

Total number of entries across the rounds that ran: 378

Total number of entries rejected for the rounds cancelled: 161
